Eleanor the Great (PG)

Running Time: 98 minutes

Eleanor the Great features a bravura performance from **June Squibb** in the title role of the spirited 94-year-old who tells a tale that takes on a dangerous life of its own. Eleanor Morgenstein has always stayed engaged and connected to the people around her. So, after a devastating loss, she relocates from **Florida** to **New York City** to live with her daughter and grandson, hoping to reconnect with her family. One day she unknowingly wanders into a support group where she doesn't quite belong, only to reveal a story that unwittingly brings her a level of attention she did not intend. Eleanor finds herself caught up in the enlivening consequences as a young journalism student pursues her as a friend and mentor. When things go too far, Eleanor must confront the truth.

In her directorial debut, **Scarlett Johansson** brings together themes of aging, family, loss and what constitutes deceit, as this story of friendship and history turns into a profound tale of complicated humanity.

Merchant Ivory (M)

Running Time: 112 minutes

Merchant Ivory is the first definitive feature documentary to lend new and compelling perspectives on the partnership, both professional and personal, of director **James Ivory** (Oscar-winning writer of *Call Me By Your Name*), and producer **Ismail Merchant**.

Footage from more than fifty interviews, clips, and archival material gives voice to the family of actors and technicians who helped define *Merchant Ivory's* **Academy Award**-winning work of consummate quality and intelligence.

With six **Oscar** winners among the notable artists participating, these close and often long-term collaborators intimately detail the transformational cinematic creativity and personal and professional drama of the wandering company that left an indelible impact on film culture.

Good Fortune (M)

Running Time: 98 minutes

A well-meaning but rather inept angel named Gabriel meddles in the lives of a struggling gig worker and a wealthy venture capitalist.

Good Fortune is an American comedy film directed by **Aziz Ansari**, featuring a star-studded cast including **Keanu Reeves**, **Seth Rogen**, **Keke Palmer**, and **Sandra Oh**

A Little Something Extra (M)

Running Time: 99 minutes

Following a jewel heist, two criminals, Lucien (**Clovis Cornillac**) and Paulo (**Artus**), are on the run when opportunity strikes – they are mistakenly escorted onto a bus going to a summer camp for young adults with disabilities. To keep a low profile, Paulo assumes the role of an intellectually disabled camper with Lucien assuming the role of his caregiver. His fellow campmates see through his act immediately but are more than happy to go along with the ruse.

Soon our two loveable crims warm to their situation and start to learn that there's more to life than a quick score.
